

My request for you not to change to LPFM. I will lose my FM station at 90.7. It is the only Christian station that plays the type of music my family enjoys. 90.7 announces local activities that my family is interested in. To change would put a void in so many people's lives. This station is up-lifting and inspires me to do good. The music is positive. At the risk of sounding silly, 90.7 is part of my family. Thank you for reading my comment.
